To Whom It May Concern:

I am writing to you in support of Allen Tieri and his desire to gain employment as an adjunct professor at your university. I believe he is a very deserving professor and would be an excellent addition to your school. I know you have many choices when selecting an adjunct professor, so please let me explain to you why I think Allen is an excellent candidate.

As an adjunct professor at Governors State University, I work with many students who have great knowledge within their field. Each year, I notice a few outstanding students that offer a unique perspective and really embrace their learning of the subject matter. I believe this especially holds true for Allen, who proved himself to me time after time in all of my classes. Allen graduated as an esteemed member of the Independent Film-making / Digital Imaging MFA program and had since been working as an Adjunct Instructor in Media Arts and Animation at the Art Institute of Tinley Park for two years.

Allen Tieri continues to impress me with his knowledge, skill and dedication to his work. I'm sure you'll find him to be an influential instructor whose talents will be passed on to the students. They would be very lucky students. Thank you for your time and please feel free to contact me if you require further information.

Sincerely yours,

Elizabeth C. Fruth
Adjunct Professor
Governors State University
